

A Printer's Miscellany

Alfons Bytautas: 25 Years In Print

25 September – 30 October 2004

All works in this exhibition are from the collection of Alfons Bytautas. Many are “printer’s proofs”; prints given to the printer in recognition of his help in creating the work. Others are works gifted personally to Alfons by artists from Scotland and abroad.

Exhibition display prints are not for sale, though additional unframed impressions of the following prints in the exhibition are available.
